# Tower Mat TOPS

The following pages include:

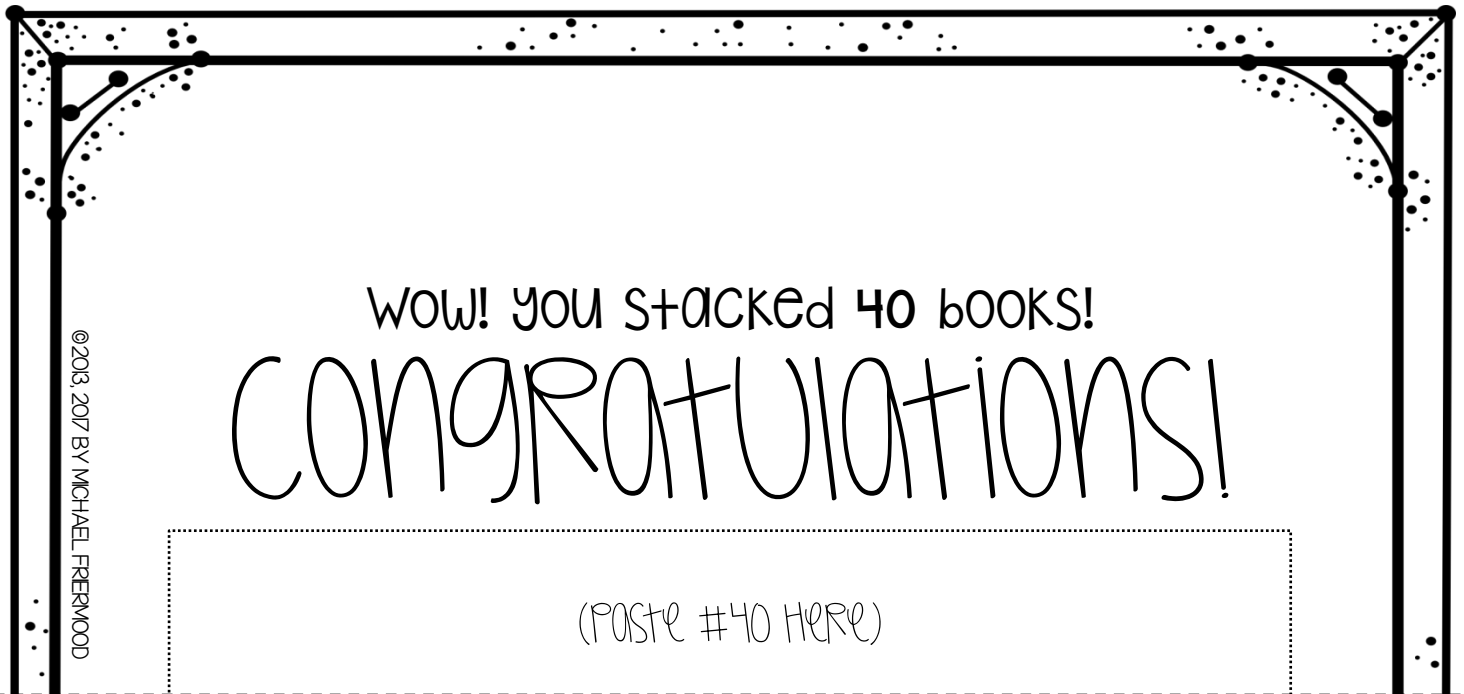

- the top to the 40-book tower mat
- the top to the 30-book tower mat
- the top to the 20-book tower mat

Each “top” is formatted as a half-page, so there are two copies per sheet. I recommend simply chopping the chosen “top” sheet in half along the thick dashed line and let the students finish the rest of the cutting and pasting with the other tower mat pages.

The half-page below goes at the top of the 40-book Challenge.
